

Accepting Applications for Bozell Summer Interns

Don't fall into one of the countless crappy jobs out there this summer. If you're interested in advertising and need that first step into the industry, spending your summer working at Bozell might be what you're looking for. Working full time on real projects and getting paid is far from crappy. We are now accepting applications for interns in the following areas.

- + Account Service
- + Art Direction/Design
- + Copywriter
- + Interactive
- + Media
- + Social Media
- + Public Relations

Candidates must be junior standing or above. **Applications must be postmarked by March 4.** The top candidates in each department will be invited to interview later in the month. We'll make final decisions and notifications by April 15.

The internship starts May 23 and ends August 12. You'll earn \$8.50 an hour and work full-time from 8:30 a.m. to 5:00 p.m. Monday through Friday.

Apply at www.whatacrappyjob.com
